

Refilling with the TareWeight function

Go to 'Device Maintain' (A), select the pump unit you want to refill (B) and click the 'Refill' button (C). The Irus Mix will fetch the unit and bring it to the turntable. 1

AC60 180618AC100001 Maintenance Unit: ML

Refill the pump unit and place it on a scale, note down the weight of the unit. Place it back on the turntable and close the door. The Irus Mix will return it to its assigned position. 2

A prompt will appear in AutoPaint, enter the weight of the pump unit (D) and press the 'Refill' button (E). The software will deduct the weight of the pump automatically. 3
